**SB50 side event:
Capacity building for the Paris Agreement's enhanced
transparency**

Date & time Thursday, 20 Jun 2019
16:45—18:15

Venue Kaminzimmer

Organizers/Partners: Ministry of the Environment, Japan (MoEJ), Institute for Global Environmental Strategies (IGES), Caribbean Community Climate Change Center (CCCCC), World Resources Institute (WRI)

Overview:

Capacity building is essential to drive climate transparency. Meantime, existing transparency arrangements are in place for more than twenty years. Therefore, we must learn from the history of transparency and capacity building to accelerate future efforts. The event will discuss lessons learned and explore possible strategies for enhanced transparency.
